**513-821-7200
24 hours a day**

Central Satellite Service operates analog/digital satellite trucks with all the features needed to uplink your breaking news, sports, satellite media tour or corporate event. Located in Cincinnati, Ohio we're just hours away from 12 states.

- Dual Path/Redundant
- Analog/Digital Capable (2 Analog or 1 Analog/2 Digital)
- No Polarity Restrictions
- 4:2:0 /4:2:2 Encoding

In addition, each truck is equipped with Beta SP editing, wireless IFB, intercom system, cell and satellite phones, 16 channel audio board and a video switcher.

CentralSat can add professional lighting, power, video, audio and experienced crews through our partnerships with Midwest Grip & Lighting and Kremer Production Services.

***Central Satellite Service...fast, dependable,
